SUMMARY:

- MERN Stack Developer with good experience in delivering robust and scalable web applications. Proficient in MongoDB, Express.js, React.js, and Node.js, adept at translating business needs into efficient and innovative solutions.

EXPERIENCE:

Systems Engineer Trainee

Infosys Mysore, Karnataka (08/2022 - 02/2023)

- As a MERN Stack Web Developer During my tenure at Infosys, I adeptly utilized HTML, CSS, JavaScript, Bootstrap, React.js, Node.js, Express.js, MongoDB, API integration, AWS, SQL, and Java in diverse projects. From UI design to complex backend tasks, I ensured project success, showcasing practical expertise. With a strong foundation in programming, I'm ready to contribute effectively to dynamic projects, collaborating seamlessly in interdisciplinary teams, driven by creativity and results.

TECHNICAL SKILLS:

- **Programming Languages** = JavaScript, Java
- **Front-end development** = HTML, CSS, Bootstrap, Tailwind CSS, JavaScript, Typescript, React.js, Redux...
- **Back-end development** = Node.js, Express.js, APIs, JWT, Firebase, REST API's, AWS, Core Java...
- **Database Management** = SQL, MongoDB, Oracle Database
- **Version Control** = Git, GitHub
- **Development Tools** = VS Code, Eclipse, Postman

PROJECTS:

1. [E-Commerce Website](#)

- Designed and developed a seamless and intuitive e-commerce website using HTML, CSS, and JavaScript, with enhanced user interface and experience. Implemented React.js for dynamic and responsive front-end interactions, ensuring a user-friendly and aesthetically pleasing online shopping platform. Demonstrated strong skills in web development to create an engaging digital storefront.

2. [You-tube Clone.](#)

A YouTube clone with a lot of features developed with the MERN stack, JWT for authentication, and Firebase Storage for video and file storage. This project intends to emulate YouTube's main functionality, allowing users to upload, view, like, comment on, and interact with videos.

3. **Personal Portfolio Website.**

Designed and implemented a personal portfolio website using HTML, CSS, and JavaScript, showcasing creative and responsive web design. Integrated React.js to enhance user interactivity and provide a seamless browsing experience. The website highlights my skills, projects. A dynamic representation of my work, demonstrating proficiency in front end development.

4. **To-Do List.**

- Created a dynamic and user-friendly Todo Form website utilizing the MERN (MongoDB, Express.js, React.js, Node.js) stack. Implemented seamless data management with MongoDB, built a responsive front-end with React. and ensured smooth server-side functionality using Node.js and Express.js.

EDUCATION:

B.E (6.76 CGPA). (08/2022) Visvesvaraya Technological University	H.S.C (12th). (77.66%) Sri Chaitanya PU College, Bellary	S.S.C. (10th). (77.28%) SMV High School, Koppala
